HR Services Worldwide

Member of the

The ONE STOP SOURCE for recruiting, staffing and HR Management

Interstaff GmbH has the mission to secure the fast growth of the Interturbine Group of Companies.

We resource the Interturbine Group with talented and qualified personnel in Germany and abroad – in a fast and unbureaucratical way.

Now we also want to offer these services to other companies.

We are specialists for recruiting and staffing, human resources development, supply of temporary workers and personnel delegations for employments abroad.

Outsourcing projects and customized solutions complete our service range.

Specialists for every business

The aptitudes of all candidates are tested by the use of special questionnaires and tailored selection processes.

Not only the expertise is significant, but also soft skills are relevant.

We test the candidate's skills, talents and expertise extensively so that you can be sure that your new employee is the right person for the job.

Your benefits

- Entry to the 'hidden' job market
- Extensive experience of the industry with an international presence
- You can center on your core business and increase your efficiency
