interturbine Advanced Logistics Pty Ltd.

THE ONE STOP SOURCE

Member of the
Interturbine Group of Companies

**Material Support for Maintenance,
Manufacturing and Repair**

for Aerospace and High-Tech Industries

New Australian Headquarters in Banyo, close to Brisbane Airport

Interturbine Advanced Logistics has recently relocated its national operations from Wollongong, New South Wales, to Banyo close to Brisbane Airport.

Interturbine Advanced Logistics invested in the new warehouse and office in order to improve availability, service, communication and processing time.

Airframe manufacturers

- **Airbus**
- **ATR**
- **Dornier**
- **Embraer**
- **Eurocopter**
- **Pilatus**

have appointed Interturbine as their approved fleet support distributor because of the high service attitude, fast response, global presence and worldwide material handling capability.

Interturbine Advanced Logistics is the Australian arm of Interturbine Aviation Logistics GmbH who is recognized around the world as an approved supplier of 'CES'* materials such as standard hardware, raw and semi-finished metal products and materials, consumables, chemicals and composites to the aerospace industry – aerospace manufacturers, MROs and airlines – and to high-tech industries, consolidating more than 500,000 part numbers from 2,500 sources.

Interturbine also supports requirements for other airframes i.e. Boeing, Bombardier, BAe, Dassault, SOCATA, EADS (PZL) and other.

Interturbine Advanced Logistics is distribution partner for Airtech, Henkel, Dow Corning Aerospace and 3M.

* CES = consumable materials, expendables, standard hardware

Excellent stock availability

The modern, state of the art facility in Banyo enables Interturbine Advanced Logistics to double its stock in Australia. Due to this excellent stock availability Interturbine offers short and reliable lead time.

In the new warehouse in Banyo almost 1000 unique products are stocked.

Composites:

As Interturbine is exclusive distribution partner for Airtech, the following Airtech products are available on stock:

- Airflow
- Airship
- Airweave
- A4000 Series
- Baglease
- Bleeder Lease
- Carbon Series
- Econolease
- Econo-Ply J
- Econoweave
- Flashbreaker
- Greenflow
- HCS Series
- QQD 500 Series
- Release BAG Series
- Release Ease
- Vac Gauge
- Vac Valve
- WL Series
- And much more

Interturbine Advanced Logistics also stocks other composite materials such as:

- Adhesive & Primers (Araldite, Hysol)
- Resins & Filler Materials (Araldite, Hysol)
- Low Density Compounds
- Metal Cloths
- Tedlar BV Films
- Fabrics (glass, carbon, hybrid)
- Prepregs (glass, carbon, aramid)

Consumable Materials (Chemicals):

- Aeroshell product range
- Alglas
- Ardrox
- Braco, Braycote
- Castrol
- CS Series
- DC Series
- Dienstone
- Dinitrol Series
- EA Series
- EC Series
- Loctite product range
- LPS product range
- Mastinox product range
- Mobil greases and oils
- Molykote product range
- Nyco greases and lubricating oils
- Optimol products
- PR Sealants
- PS Sealants
- RTV Sealants
- Scotch-clad, Scotch-grip and Scotch-weld
- Sky wipes
- Skydrol
- Techniglu
- Zinc powder

Raw Materials:

- Aerospace foam tapes – ABS5006
- Seals and strips (ABS0305, ABS0306, J4246, J4253, J4256, J4296, J4298, J4302, NSA360 0...)
- ABS5006
- Seat rail covers
- Cable, wire and accessories
- Skyflex Aircraft Sealant
- Permacel tapes
- Yarn for sewing

Standard Hardware:

Fasteners:

- Bolts
- Screws
- Rivets
- Nuts
- Washers
- Pins
- Inserts and studs

Bearings:

- Rod ends, latches, hinges
- Spherical bearings

Electrical and Electromechanical Components:

- Bonding straps and lanyards
- Cable ties
- Clamps
- Connectors
- Relays

Seals and O-Rings:

- ABS1040
- ABS5800
- NSA8200 Series
- NSA8203 Series

This is only a selection of the total product range that is available in the new warehouse in Banyo. Please contact our customer service team for more details.

Interturbine's Product Portfolio

Appointed for total fleet support by
**AIRBUS • ATR • DORNIER
EMBRAER • EUROCOPTER
PILATUS**

Consolidating > 500.000 Part Numbers
from more than 2.500 Sources

Guaranteed Supply from
Regional Warehouses

THE ONE STOP SOURCE
interturbine Advanced Logistics Pty Ltd
THE ONE STOP SOURCE

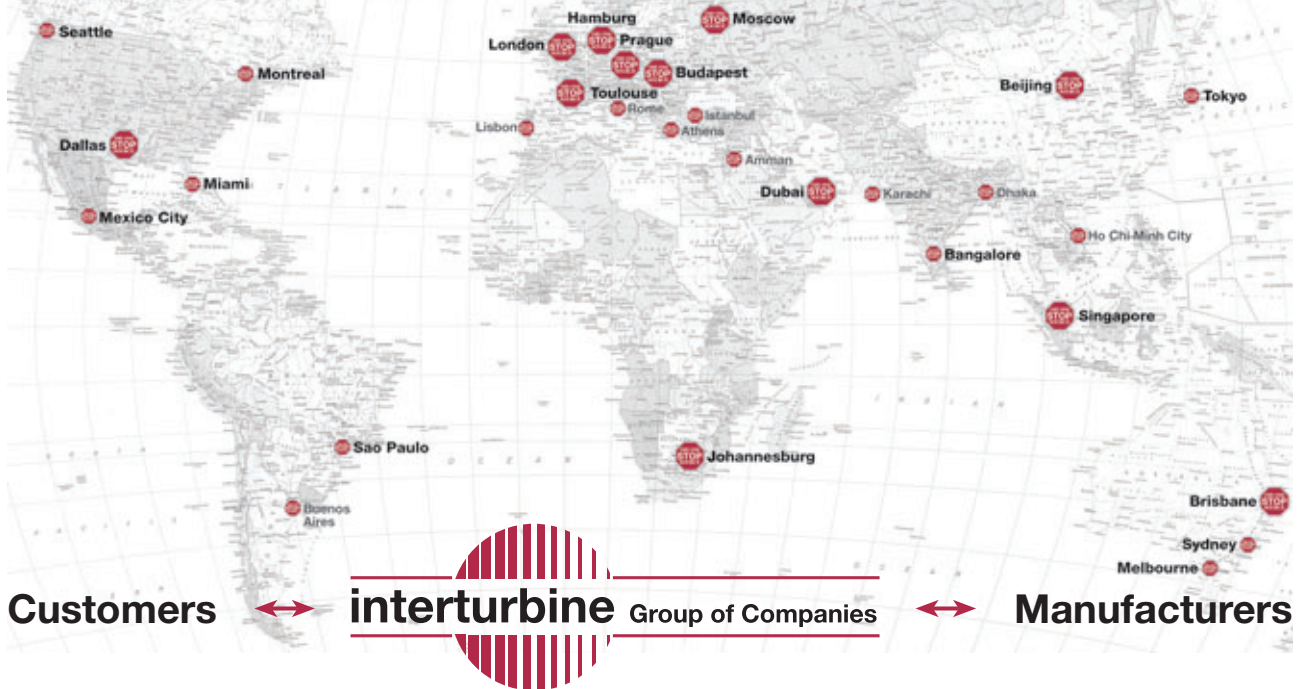

Worldwide Service Organisation

Interturbine's innovative material service concept provides a ONE STOP SOURCE for immediate supply on call; supplying aerospace manufacturers, maintenance centers, airlines and high-tech industries alike.

The materials that are not available on stock in Australia certainly are stocked in one of the Interturbine warehouses worldwide.

The Interturbine Network

Bridging customer demand with the manufacturing industry for customized supply requirements

ALL MAINTENANCE MATERIALS

Consolidating more than 500,000 part numbers
from 2,500 supply sources

Advantages for Interturbine's customers:

- All maintenance materials - standard hardware, raw and semi-finished materials, plastic parts, metal products, consumables, chemicals and composites - from one source.
- Instant cash savings
 - no need to stock (inventory reduction) as Interturbine supplies from regional warehouses
 - no waste / scrap
 - no need to spend sourcing manpower for low cost items
 - no internal costs associated with multi-transaction handling
 - no need to spend multi-transportation costs
- Small quantity ordering
- Customized products, cut to length, just as needed
- Instant availability within region

GUARANTEED SUPPLY - THE BASE FOR PARTNERSHIP
