

Aerospace Electrical Cable & Wire - Page 1 -

High-performance cables and wires for the aerospace industry

In the aerospace and high-tech industries different electrical cables and wires for various applications are required.

Interturbine Aviation Logistics GmbH stocks and supplies innovative, high-performance and reliable cables and wires that meet the airframe manufacturers' and airline's expectations for

- reduced dimensions and weight
- great mechanical resistance
- resistance to chemicals and high temperatures

Interturbine is the **ONE STOP SOURCE** for the full range of aerospace electrical tape wrapped or extruded wires and cables:

- single and multicore cables
- high-temperature cables
- high-immunity cables
- coaxial cables
- data transmission cables
- special fibre optic constructions
