Aerospace oils, greases, lubricants, degreasers & corrosion protection

Interturbine Aviation Logistics GmbH is the right partner to supply turbine engine oils, hydraulic fluids, greases, piston engine oils, degreasers, corrosion protectors and more.

Amongst others, Interturbine is distribution partner of **ROCOL Lubricants** and **LPS**.

All products meet common aviation specifications and are developed specifically to meet the requirements of the aerospace industry.

ROCOL has over 100 years experience of providing a wide range of maintenance, lubricant and service consumables.

The products designed, engineered, formulated and manufactured by **LPS** are subjected to strict in-house testing at every stage in the process. In addition, they undergo rigorous outside and independent laboratory testing to ensure that product performance, quality and safety exceed all typical industry expectations.

All products are available in different sizes (cans, cartridges, drums, etc.). Please ask your customer service representative for detailed information.

For an overview of the Rocol and LPS products Interturbine supplies please see pages 2 and 3.

Interturbine also stocks and distributes aerospace oils, greases, lubricants, degreasers and corrosion protectors from other manufacturers.

Please contact your customer service representative for more information.
