

## Products for Bonding, Sealing and Cleaning

ITW Devcon produces two of the most recognized brands in the aviation industry:

Interturbine is an appointed distribution partner of ITW Devcon and offers one of the world's most comprehensive product ranges for maintenance and repair activities.

Whether you are looking for materials to make repairs, bond, seal or clean, Interturbine can provide you with the right product.

All of the ITW Devcon products can be easily applied by maintenance personnel with only minimal training.

For an overview of the ITW Devcon products Interturbine supplies, please see page 2.

The Devcon and Permatex product line includes:

- Epoxy, urethane + methacrylate compounds for repairing metal, rubber and other materials

- Coatings for protecting surfaces exposed to abrasion, corrosion, and harsh chemicals

- Structural adhesives that are made to bond metals, plastics, glass, rubber and dissimilar substrates (metal to plastic) that need permanent solutions

- Permatex brand anaerobics: thread sealants, gasket makers, threadlockers and retaining compounds

- OEM adhesives including epoxies, methacrylates, cyanoacrylates, urethanes anaerobics and light-cure technologies

- High-quality cleaners
